The mission statement for Family of Christ is: "As a family of Christ we live out the good news of Jesus by loving, learning and leading at home, at church and throughout the world." Supporting mission organizations and their mission activity is one avenue through which Family of Christ strives to achieve its mission. Therefore, the mission philosophy of Family of Christ is to be in partnership with mission opportunities we believe are consistent with this mission. To that end, we invite you to review and complete the following if you wish for Family of Christ to consider you as one of our supporting missions.

#### **Procedures**

- 1) A representative from the mission organization interested in receiving funding from Family of Christ must complete this form and submit it to the Family of Christ Mission Committee by April 1<sup>st</sup>.
- 2) Previous recipients of mission support from Family of Christ must submit a new application each year. There are no multi-year commitments given by the Family of Christ Mission Committee.
- 3) The Family of Christ Mission Committee will meet after April 1<sup>st</sup> to determine which requests will be funded. The individuals or organizations selected will include a variety of local, national, and international mission ministries.
- 4) If necessary, the Mission Committee will contact the organization for further information.
- 5) The Mission Committee will make their recommendations to the Senior Leadership Council of the church for final approval before any commitments are finalized.
- 6) Family of Christ operates on a financial ministry cycle of July 1 – June 30.

#### **Emphases**

- 1) In general, Family of Christ's mission interest is as wide as the Great Commission. However, the Holy Spirit is currently leading our church to focus on:
  - a) Training/developing people to serve and evangelize the lost.
  - b) Church planting, especially in international contexts among Jews and Muslims.
  - c) Preparing, sending out, and supporting missionaries from our own congregation.
  - d) Preparing, sending out, and supporting missionaries from our own church denomination.
  - e) Scholarships for students attending our denominational universities and seminaries. (If the application is for scholarship support, please contact the Mission Committee before completing – a separate form requesting additional information is required).
- 2) We also expect that through the application process, the Holy Spirit will open Family of Christ's eyes to new avenues for participating in God's global mission.

#### **Criteria**

The Selection Committee evaluates each request according to the following criteria:

- 1) The mission's primary focus is evangelism and is effectively reaching the lost.

- 5) The mission presents opportunities for hands-on involvement by Family of Christ members.
