Jesus Time

See Do-Lesson 1

Children will learn that their attitude will reflect what they see and do. They will see that when they grumble and complain, God can't do work in their lives and when are cheerful and positive to things around them God will do amazing things. They will learn that the condition of their heart is important to help them learn and apply God's word.

See Do-Lesson 2

The students will learn what it means to be humble. We will hear about God's promises and that they will be able to make the right choices. They will be able to put God first and trust His guidance. Each child will understand that their value is not built on what they do but what God can do through them and God will help them be their best!
